

CURRICULUM VITAE

DELIN SHABU

Developer and IT Admin

Email: delinshabu.b@gmail.com

Mobile:+971 54 592 6143

Objective:

A versatile IT professional and **Linux power user**, adept at architecting end-to-end hardware and software solutions by **leveraging cutting-edge AI technologies**. With a background spanning global IT support and creative media, I aim to empower organizations with intuitive IT systems optimized through **AI-driven automation and robust Linux environments**.

Summary:

Results-oriented IT Associate with experience supporting global clients and managing complex hardware/software ecosystems. Specialist in **AI-assisted productivity**, leveraging **Google AI Studio** and **CLI tools** to automate tasks and enhance system performance. Deeply proficient in **Linux Mint environments**, secure **SSH networking**, and high-end creative AI tools like **Midjourney and Fooocus**. Committed to optimizing IT operations through innovative technical solutions and cross-cultural communication excellence.

Qualifications:

- Bsc. Computer Science | Canchipur, South View, Imphal West, Manipur
- Mern Stack developer | Brototype , trivandrum

Experience:

Creative Person | Corindians | Kollam | JUL 2019 – JAN 2022

- **Multimedia Production:** Designed high-impact brand identities and video content using **After Effects, Premiere Pro, and DaVinci Resolve**.
- **Digital Marketing:** Executed **Google Ads and Facebook Ads** campaigns while optimizing web content for **SEO ranking**.
- **IT Management:** Maintained high-performance Linux workstations optimized for 4K video rendering and content creation.

Freelancer | Trivandrum and Kollam | OCT 2023

- **AI-Enhanced Development:** Integrated **Gemini (CLI/Studio)** and **Claude Code** to optimize software delivery and automate complex tasks.
- **Linux & Network Admin:** Managed secure remote systems via **SSH** and configured specialized network environments on **Linux Mint**.
- **Generative Media:** Deployed **local AI models** and used **Midjourney/Fooocus** to produce high-end branding and visual content.
- **IT Infrastructure:** Provided end-to-end support, including **custom PC builds** and streaming setups for institutions.
- **Advanced Troubleshooting:** Leveraged **Warp AI terminal** for real-time system debugging and efficient command-line operations.

IT Associate | Sutherland | Ernakulam | AUG 2024 – OCT 2025

- **Global Technical Support:** Provided comprehensive IT support for international clients within a global MNC environment, specializing in technical problem-solving and system diagnostics.
- **Cross-Cultural Communication:** Developed advanced professional communication skills by resolving complex issues for foreign customers across diverse geographical regions.
- **Technical Troubleshooting:** Investigated root causes of hardware and software issues, implementing effective corrective actions and adhering to strict service delivery standards.
- **Process Efficiency:** Utilized internal software tools and professional workflows to manage high-pressure workloads and meet demanding organizational deadlines.
- **Collaborative Support:** Partnered with cross-functional teams to ensure consistent service quality and shared technical knowledge to improve overall team performance.

Technical Skills:

Artificial Intelligence & Automation

- **LLMs & Frameworks:** Proficient in Gemini (Google AI Studio/CLI), Claude (Claude Code), Grok, and GPT-4.
- **AI Development Tools:** Advanced user of **Vercel's v0** for UI generation, **Replit** for rapid prototyping, and **Warp** (AI-enabled terminal) for automated troubleshooting.
- **Generative Media:** Expert in AI image and video generation using Fooocus, Midjourney, and local AI model deployment.

Digital Marketing & Creative Design

- **Marketing & Growth:** Experienced in managing Facebook Ads, Google Ads, and **SEO ranking** strategies to improve visibility.
- **Professional Video Editing:** Advanced proficiency in **DaVinci Resolve**, **Adobe Premiere Pro**, and **After Effects**.
- **Graphic Design:** Expert in **Adobe Photoshop** for branding, UI/UX assets, and creative media production.

IT Administration & Networking

- **Operating Systems:** Linux Power User (Linux Mint) and Windows System Administration.
- **Network Management:** Skilled in SSH, remote system administration, and network troubleshooting.
- **Hardware Expertise:** Proven experience in custom PC architecture, hardware assembly, and maintenance.

Software Development

- **Frontend Frameworks:** Proficient in **TypeScript**, **Next.js**, **Angular.js**, **Vue.js**, and **React**.
- **Mobile Development:** Skilled in building cross-platform applications using **Flutter** and **Dart**.

- **Backend & Database:** Experienced in the **MERN Stack** (MongoDB, Express, Node.js) and **Firebase** for real-time data and authentication.
- **Deployment & DevOps:** Expert in hosting and CI/CD workflows using **Vercel** and GitHub Pages.

Professional & Soft Skills

- **Global Support:** Experience supporting international customers in global MNC environments (Sutherland).
- **Communication:** Strong cross-cultural communication and technical problem-solving.
- **Adaptability:** Proven ability to handle changing priorities and work effectively under pressure

General Job Responsibilities:

- **Strategic Execution:** Execute all tasks, projects, and assignments in strict alignment with management directives and organizational priorities.
- **Cross-Functional Collaboration:** Collaborate constructively with diverse team members and departments to foster synergy and achieve shared corporate objectives.
- **Professional Communication:** Maintain clear and concise communication channels with colleagues, clients, and stakeholders, ensuring information is conveyed accurately and professionally.
- **Time & Workload Management:** Efficiently organize and prioritize complex workloads to ensure all deliverables meet established deadlines without compromising quality.
- **Information Integrity:** Maintain meticulous records and up-to-date documentation within company databases to ensure data accuracy and accessibility.
- **Proactive Problem Solving:** Identify emerging obstacles and troubleshoot technical issues promptly, implementing effective solutions or escalating them to leadership as required.
- **Policy & Standards Compliance:** Adhere strictly to all company protocols, operational procedures, and quality benchmarks to ensure consistency across all tasks.
- **Active Team Participation:** Contribute valuable insights and technical perspectives during team meetings and project briefings to enhance overall productivity.
- **Technical Optimization:** Utilize specialized software and modern digital tools to execute workflows efficiently and contribute to process improvement initiatives.
- **Reporting & Presentation:** Analyze relevant data to prepare comprehensive reports and visual presentations for management review and decision-making.
- **Operational Flexibility:** Adapt quickly to shifting priorities and maintain high performance and accuracy while working under pressure or tight schedules.
- **Data Security & Confidentiality:** Handle all sensitive company and client information with absolute discretion, ensuring full compliance with data protection standards.
- **Mentorship & Support:** Provide technical guidance and collaborative support to colleagues to ensure the collective success of the department.
- **Continuous Professional Growth:** Proactively engage in training sessions, workshops, and self-study to stay at the forefront of emerging IT and AI technologies
